GLOBAL STUDENT LEADERS SUMMIT

EXPLORING HUMAN RIGHTS

LEVERAGING STEM TO PROTECT HUMAN RIGHTS

June 19–29

Seeing things in a new way, by the London Eye

— The World Leader in —

INTERNATIONAL EDUCATION

Your teacher has partnered with EF because of our unmatched experience and worldwide presence, as well as our commitment to providing students with life-changing travel opportunities that are immersive and affordable.

For 50 years, we've worked with educators across the globe to help millions of people become citizens of the world by breaking down barriers of language, culture and geography.

Affordable

We always offer the guaranteed lowest prices so more students have the opportunity to travel and experience the world.

Fully Accredited

We're fully accredited, just like your school, so you can earn high school and even college credit while on tour.

Safety

We're committed to your safety. With 500 schools and offices in over 50 countries, local EF staff can react quickly and in person wherever you travel.

Insight

We believe in experiential learning at the most important sites. Your Tour Director is with you at every step, providing their own perspective and local tips.

THE SUMMIT EXPERIENCE

— Program price includes —

**Full-time, expert
Tour Director**

Sightseeing

2 sightseeing tours led by expert, licensed local guides; 2 walking tours.

Entrances

Science Museum; BBC tour; British Library; London Eye; Deltaworks Visitor Center; Anne Frank House; Peace Palace Visitor Center; IJburg innovative housing tour.

Experiential Learning

Workshop at the Science Museum

**All of the details
are covered**

Round-trip flights on major carriers; Comfortable motorcoach; 8 overnight stays in hotels with private bathrooms; 1 night ferry accommodation; Breakfast and dinner daily; Lunch on days 7 and 8.

**Student Leadership
Conference**

Conference registration; Keynote addresses; Expert workshops; Student workshops; Innovation Village.

weShare

EF's online platform for a deeper learning experience both pre- and post-tour.

Collaborating in international teams

BE PART OF THE SOLUTION

“To deny people their human rights is to challenge their very humanity.” — NELSON MANDELA

What do you consider your human rights to be? The right to an education? The right to individuality? Freedom from discrimination? When people treat each other with dignity and respect, human rights become second nature. But when people are denied basic and fundamental freedoms, what is our responsibility? How can we create the condition for peace through mutual respect and understanding?

These are the questions we will examine at our 2016 Global Student Leaders Summit, Exploring Human Rights, in The Hague, Netherlands. This extraordinary event combines an educational tour and two-day leadership conference in The Hague, the “international city of peace and justice.” You will learn from world-renowned experts and work together with peers from the United States and Europe to design and present your own solution to human rights issues.

What to expect on your Summit

1

Immersive Travel

Your tour of London, The Hague and Amsterdam brings the Human Rights theme to life as you gain knowledge and hands-on experience through cultural and science-focused activities.

2

Thought Leadership

World-renowned speakers and human rights experts lead discussions and workshops to inspire and educate you. Past speakers have included Al Gore, Jane Goodall and Sir Ken Robinson. Keynote speakers for the 2016 Europe Summit will be announced in the fall of 2015.

3

Design Thinking

Working in small international teams, you will learn the design thinking process—a creative problem-solving technique used by companies like Apple and Google—and then use it to propose your own solutions to today’s human rights challenges.

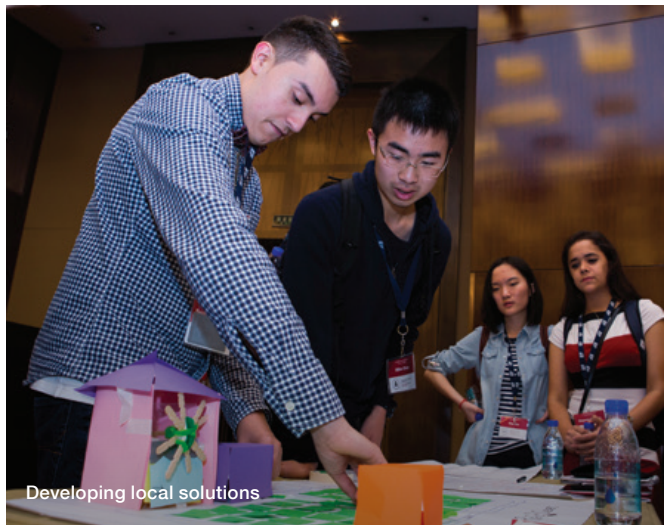

4

Online Learning

weShare, our online learning platform, gives you a place to research, reflect and share how you plan to impact local change as part of your final project. You can even earn high school credit.

Explore Amsterdam's canals and bridges

LEVERAGING STEM TO PROTECT HUMAN RIGHTS

*Highlights of what you'll experience on your
11-day tour of London, The Hague and Amsterdam:*

TECH CITY

See why high-tech heavyweights like Google and Amazon are flocking to London's version of Silicon Valley.

DELTAWORKS

Learn how this engineering marvel protects the Netherlands from rising seas as you consider environmental sustainability as a human right.

PEACE PALACE

Visit the home of international law where nations have been resolving their disputes for more than a century.

Itinerary

June 19-29, 2016

Days 1-2: London

Fly overnight to London and meet your Tour Director at the airport. Begin your exploration of human rights at the British Library, where you'll see one of four surviving copies of the Magna Carta. You'll learn the preservation process of one of history's most important documents. Then take a stroll through London from Hyde Park to Buckingham Palace.

Day 3: London

Get acquainted with London this morning, from the London Bridge to the Houses of Parliament. Admire the city's architectural marvels, like St. Paul's Cathedral and the Tower of London.

Then visit the Science Museum, home to nearly 300,000 items chronicling mankind's scientific progress, including the first jet engine. Discover how scientists are working together to develop innovative systems that tackle human rights issues. Cap your day with a ride on the London Eye, the world's tallest cantilevered observation wheel. Enjoy incredible views 443 feet above the Thames.

Day 4: London / Night ferry

Experience the BBC's state-of-the-art multimedia headquarters, where its television, radio and web content is broadcast around the world. Consider the technology behind this broadcasting giant and reflect on how journalism plays a role in uncovering human rights violations around the world. Next visit Tech City, the third-largest technology startup cluster in the world. Google, Amazon and Facebook are among the high-tech companies with offices here, who are using technology to make the world a better place. Then board your overnight ferry to the Netherlands.

Day 5: The Hague

Get acquainted with The Hague today and learn why it's the "City of International Peace and Justice." You'll visit the 19th century Peace Palace, a symbol of the global peace movement and home to the International Court of Justice.

You'll also explore the Humanity House, a museum established by the Red Cross to increase understanding and awareness of humanitarian issues. Creative

exhibits allow you to explore human rights issues, reflect on your own personal freedoms and consider ways you contribute to a life of peace and free will.

Day 6: The Hague/Delft

Travel to Delft and learn about the engineering behind the Netherlands' immense system of dams, barriers and dikes at Deltaworks. While there, consider how climate change is forcing the Dutch to innovate solutions to rising seas.

Days 7-8: The Hague

The **leadership conference** begins as you connect with students from all over the world in this inspiring and innovative setting. Over the course of two days you will hear from world-renowned keynote speakers, work with local and global experts, and collaborate with peers in small international teams. You will learn the design thinking process to develop solutions to today's human rights challenges and be inspired to take action back home.

Day 9: Utrecht / Amsterdam

Your exploration of the STEM

subjects continues in the Dutch city of Utrecht, made famous for the Peace of Utrecht, a treaty signed in 1713. Here you'll see De Uithof, also known as Utrecht Science Park. After dinner, see the city in a different light on a Trajectum Lumen Night Walk. LED lighting illuminates many of Utrecht's most remarkable sights, buildings, bridges, and creating the illusion that they have come to life. Then continue to Amsterdam.

Day 10: Amsterdam

Begin your day with a guided tour of IJburg, an archipelago of seven man-made islands on Lake IJmeer that will one day include 18,000 homes for 45,000 people. Learn about the engineering behind the three islands developed so far.

After a bicycle tour of Amsterdam, visit the Anne Frank House, which preserves her hiding place from Nazi persecution during World War II. Today it serves as an exhibition space in remembrance of those who struggled against persecution and discrimination.

Day 11: Depart for home

Return home, prepared to be part of the solution.

Space is Limited
