## SCIENCE & INNOVATION IN ENGLAND

9 or 11 days | England

Throughout the long timeline of scientific progress, England has often found itself at the center of the greatest breakthroughs. Become a part of that scientific tradition; past, present, and future. Ponder the mysteries of Stonehenge, see Watson and Crick's three-dimensional DNA model, and visit the different biomes at the environmental venture known as the Eden Project.

Anyone can see the world.

# YOU'RE GOING TO EXPERIENCE IT.

As you can see, your EF tour includes visits to the places you've learned about in school. That's a given. But it's so much more than that. Immersing yourself in new cultures—surrounded by the people, the language, the food, the way of life—creates inspirational moments that can't be listed in an itinerary. They can only be experienced.

And the experience begins long before you get your passport stamped and meet your **Tour Director** in your arrival city. It begins the moment you decide to go. Whether it's connecting with other travelers on Facebook, Twitter, or Instagram, or delving deeper into your destinations with our personalized learning experience, **weShare**, the excitement will hit you long before you pack your suitcase.

When your group arrives abroad, everything is taken care of so you can relax and enjoy the experience. Your full-time Tour Director is with your group around the clock, handling local transportation, hotels, and meals while also providing their own insight into the local history and culture. **Expert local guides** will lead your group on sightseeing tours, providing detailed views of history, art, architecture or anything you may have a question about.

When your journey is over and you're unpacking your suitcase at home, you'll realize the benefits of your life-changing experience do not end. They have just begun.

*@EFtours I attribute my college semester abroad to the love for travel I discovered on an EF Tour in high school #traveltuesday*

## What you'll experience on your tour

### Day 1: Fly overnight to England

### Day 2: London

- Meet your Tour Director at the airport in London, where you'll experience cutting-edge science and technology.
- Take a walking tour of London, where you'll see iconic sites such as the Strand, Trafalgar Square, Leicester Square, and Covent Garden.

### Day 3: London

- Take an expertly guided tour of London: Big Ben and Houses of Parliament; Piccadilly Circus; St. Paul's Cathedral; Changing of the Guard at Buckingham Palace (if scheduled).
- Straddle both hemispheres at the Royal Observatory in Greenwich, where a laser beam marks the Prime Meridian.
- Attend a show at the Peter Harrison Planetarium, London's only planetarium. Learn about black holes and find out how to interpret the stars in the night sky.
- At the Emirates Aviation Experience, explore modern aircraft technology and operations, and take in 360° degree views.
- Enjoy an authentic fish and chips dinner.

### Day 4: London | Bath region

- Visit Avebury.
- Visit Stonehenge, the United Kingdom's most mysterious landmark. This configuration of massive boulders seems to rise out of nowhere on the misty hills of Wiltshire. Legend holds that Merlin built this ring of stones, and many remain captivated by accounts of Stonehenge's supernatural origins. On your tour, go beyond the conspiracy theories and unwrap the mysteries that continue to plague scientists and historians today: who created Stonehenge? How did they erect the four-ton stones? And, most importantly, why was it built? While the purpose of Stonehenge remains unknown, many suspect that this 4,000-year-old landmark once served as an ancient temple and astronomical observatory.
- Visit Salisbury Cathedral.
- Travel to Bath region.

### Day 5: Bath | Plymouth region

- Take an expertly guided tour of Bath: Georgian squares.
- Visit the Roman Baths.
- Travel to Plymouth region.

### Day 6: Plymouth region

- Visit the Eden Project, the world's largest greenhouse. Travel into a crater 50 meters deep to witness this ambitious environmental venture just few miles from the town of St. Blazey in Cornwall. Massive geodesic structures appear to bubble out of the ground, forming a complex of giant hemispheres containing plants from around the world. Each individual biome adjusts to suit its plant's natural weather conditions. You'll have the chance to explore The Core, a three-floor educational center with rotating entertainment events that include talks, workshops, and even concerts. Check out exhibits and displays that offer everyday tips and techniques for leading a more sustainable life.
- Stop at the Mayflower Steps Arch.

### Day 7: Plymouth region | London

- Return to London.
- Enjoy free time to explore the city at your own pace.

### Day 8: London

- Visit the Science Museum, where you can save a model city from a blackout in a game that simulates real-life power outages. From Watson and Crick's 3D molecular DNA model to a massive x-ray telescope that mapped our galaxy, learn about some of history's greatest scientific discoveries.
- Time to explore on your own.

### Day 9: Depart for home

## 2-DAY TOUR EXTENSION

### Day 9: Cambridge | Manchester

- Travel to Cambridge.
- Take an expertly guided tour of Cambridge with a focus on technology.
- Travel to Manchester.

### Day 10: Manchester

- Take a tour of Manchester.
- Visit the Museum of Science and Industry.
- Visit the Jodrell Bank Discovery Centre.

### Day 11: Depart for home

*The week I spent in England was one of the best in my life. I saw things I never imagined I would or could. Bath is a beautiful city in which Jane Austen once lived. Seeing Stonehenge was completely surreal. Plus, there are the iconic spots that everyone want to see like Big Ben, the London Eye, and Buckingham Palace.*
