13 DAY TOUR: JULY 6–18, 2022

The Impact of Sports & Wellness

For centuries, sports have helped people build resilience and the power to collaborate—but more than that, they've built bridges within communities and between cultures. It's just one way the world approaches wellness: a deeply personal, yet universal topic. Our upcoming Global Leadership Summit will explore *The Impact of Sports & Wellness*, from what people eat and think to how we care for ourselves and stay active. Let's come together to better understand the global focus on well-being and our evolving thoughts on how to achieve it.
